News from the ROC Executive Director

By Shirley Jollimore

I'm writing this as we come to midsummer, but we are already in the thick of planning for fall. The Resource Opportunities Centre board and management team met in July to review the feedback we received on our survey last year, along with some engagement done with local youth at the junior high, and work on our strategic plan.

We also started developing some strategic goals to carry our work forward through the next five years. We have some work yet to finish on those, but when they are ready we look forward to sharing them with you.

We fine tuned our mission statement, "To promote and encourage a healthy, welcoming, thriving community." We reviewed our organizational values, and updated them to reflect the growth in the community, including a specific statement around the value of volunteers in our organization. You can see this on our board web page at www.prospectcommunities.com

By the Resource Opportunities Centre

News from the ROC Executive Director (...Continued)

Shirley Jollimore Executive Director Resource Opportunities Centre

One of the great things we realized when we looked at the survey data was just how many things of the 'wants' are already underway in our community since the survey was completed last winter:

Farmer's Market: We're continuing to approximately more than 300 attendees each market, and as the produce offerings increase we're pleased to see people from our own community, and neighbours from Spryfield and Beechville/Lakeside/Timberlea enjoying the market! Our market will run until October, so if you haven't had the chance, join us! Market dates this fall are September 10, 25, October 8 and 22, and fall is harvest time in our province!

Youth leadership and opportunities

for youth: We held two successful youth programs this past spring. Our 'After the Bell' outdoor adventure program for girls and a 'Stepping Up to Leadership' program for youth were both very well attended. The leadership program was offered through HRM Community Development for free, and the After the Bell program was funded through a Thrive! grant. We have applied for this funding again, and hope to be able

to run another session starting in October.

Outdoor programming: We've convened a Hike team with our staff and some community volunteers, and they held a fantastic snowshoe winter hike, and have plans for some more coming up late summer/early fall. Stay tuned to our social media and website for more information.

Community Events: On September 16, the ROC will host a community celebration/paint day to complete our outdoor movie screen. We'll have music and a barbeque, and everyone will have a chance to do some painting on the screen frame mural! Weather permitting we'll have a movie to view on September 23. Stay tuned for more details, and if you'd like to help out with the celebration event, let us know! Email executivedirector@prospectcommunities.com

Programs for Seniors: We have a lot of activities that are senior-focused that happen at the PRCC, and we're still looking for groups and individuals to take advantage of the New Horizons for Seniors funding! If you're interested in hosting an event for seniors, contact us to discuss how we can help. Our funding helps to cover space rental, program instructors or equipment, a light meal and must include a light

physical activity. We've been pleased so far to partner with Village Green Recreation Society, the SS Atlantic Heritage Society and some seniors in Terence Bay to support activities. We still have capacity for more! Contact Shirley Jollimore or Jessica Morrissey to discuss possibilities, at 902-852-2711.

We will continue to develop action items based on your feedback, community recreation trends and identified community needs, and we'll post our plan once it's finalized.

The Board meets in September and we hope to finalize the strategic goals, and then management and staff will determine the actions to be taken to meet those goals. Watch our Board web page for more updates as they become available.

ROC Joins Community Health Board

ROC Staff

The Resource Opportunities Centre has been granted a seat at the **Chebucto West Community Health Board**, representing the Prospect Communities. Executive Director Shirley Jollimore, with the support of the Board, has been invited to join the CWCHB to participate in community health planning.

The Chebucto West CHB is one of seven health boards in the province, and their mandate is “to act as the eyes, ears and voice for the community’s health.”

The main role of the board is to participate in community health planning to support the province’s health priorities, and recommend programming and other priorities for the local community. The ROC is pleased to have a presence at the table, having been a local champion for Community Health Team programming at the PRCC and other local spaces.

The Community Health Team will be hosting new programs for the community in the Prospect area this fall; for more information see their program guide online (<http://www.cdha.nshealth.ca/community-health-teams/sign-programs>) or in hard copy at the PRCC. Programs at the PRCC are listed in the ‘Programs and Events’ section of this publication.

Announcing Another Blanket Exercise

Margaret Sagar

In the last issue of *The Prospective*, we told you about a special way of learning the history of colonization through the use of blankets. At St. James’ United Church in April, a unique educational experience took place, and now we are planning another to be held at St Joseph’s Roman Catholic Church in Shad Bay on Wednesday, September 20th, from 6:30 until 9:00p.m. It will be led by the same team with Mary Rigby and Mi’kmaq elder and film director Catherine Martin of Blind Bay.

“We” are The Prospect Road Churches’ 150 Committee for Reconciliation with First Nations. Working with Catherine Martin, our purpose is threefold: to begin to break down barriers between First Nations and settlers within our area so as to increase awareness and understanding of the oppression of First Nations; to thus take steps towards true reconciliation and right relations in our local communities; to do this work in partnership with First Nations with humility, respect and openness. Therefore, we are attempting to provide opportunities during 2017 for residents of this area to learn the history of colonization from First Nation perspectives, its consequences for all of us today in Canada, and in particular the history of this area from pre-colonization to the present.

In addition, we hope to offer a variety of opportunities for settler residents to engage with First Nations peoples for learning and for enjoyment in expectation of forming new understandings, friendships and partnerships.

We are thrilled that Brookside Junior High School is making arrangements to hold a blanket exercise when school is back in session. Also in the fall there will be a lecture by Roger Lewis of

the Nova Scotia Museum. Roger will speak about the history of the Mi’kmaq in this area; for example, an ancient burial mound was discovered in the early nineteen eighties when a sub division was being built near White’s Lake, and an exciting archeological dig was held there.

Catherine Martin will show some of her films in the fall and in August there will be a special hike at High Head, one of the sacred places in our area. A food experience featuring “the three sisters” of indigenous cooking- corn, beans and squash- may yet happen along with other events.

Please stay tuned for further announcements and details. Anyone who has ideas or skills to offer is welcome to contact Margaret Sagar at quarterdeck@ns.sympatico.ca, by phone at (902)852-04628 or Sandra Hennigar via phone at 902-497-0953.

Historical Beginnings - 8th Annual Prospect Road Crafters' Market

Crafters' Market Organizing Committee

It all began with the Prospect Road Craft Crawl, where local crafters opened their homes for 14 years to offer handmade products for sale in the Fall of every year. We felt it was important to have the event to draw people and tourists to our communities, to see our villages with the breath taking views, and to experience the hospitality of our people.

When we heard that we were going to have our own Community Centre in 2010, the community was all a-buzz! We discussed the concept of having everyone under one roof! The friendship of the crafters, and the welcoming of citizens and guests are important to us. Every year, the committee gives back to the groups and organizations that contribute to the success of the event. This is done by way of financial contribution to help them recoup their costs or support their cause. What better way to give back to the community, our community.

The Crafters' Market was established and continues to provide a flavour of local artists and artisans. Participants are mostly from the local area from Goodwood to Dover (and many areas in between); but, we've also brought in other local crafts people from the surrounding area, and as far away as Chester.

In the spirit of cooperation with the Prospect Road Community Centre, our organizing team has been working hard to making our

Crafters' Market the success that it is today. Over the past couple of years, we enjoyed receiving the following accolades: Prospect Communities Volunteer Award 2016, Commendation from the Nova Scotia House of Assembly, and a Congratulatory Message from the House of Commons. Needless to say, we thrive on serving our communities through craft.

We even have our own website: www.craftersmarket.prospectcommunities.com

This year, we are holding the Crafters' Market on October 21, 2017, from 10:00am to 4:00pm. Admission and parking are free. While at the Market, sit a while to enjoy the music of the "Jammers," and stop to have some lunch prepared by members of St. Timothy's Church. There is a bank machine on the premises, and there is a door prize with craft donations from the committee membership. So, mark your calendar, and come for the day to see what your community has to offer.

See you there!

PROSPECT BULLS BASKETBALL CLUB REGISTRATION NOW OPEN!

Village Green Recreation Society

Jennifer Veres

This summer featured the 20th Annual Park Day celebration on Village Green Park – 20 years ago the McGraths Cove-East Dover community built the park!

After two rain postponements, the event took place Sunday, June 25 and sunny skies prevailed. Trophies for the softball tournament went to both the youngest and “most mature” participant, then the horseshoe tournament got underway. This year we were delighted to add washer toss to the adult sports repertoire. The ever-popular barbecue canteen provided food and refreshment all day. The fun-filled afternoon activities for youngsters included a bouncy castle, soccer-kick game, basketball, face-painting, giant bubble-making and scavenger hunt, while the park was filled with the great sounds of Brian Zinck’s music. Congratulations to the winners of contests and draws, and a big thank you to the many helpers and barbecuers throughout this special day. Extra thanks to the young people who had the responsibility of running the day-long canteen.

The park was used by local children for a week this summer as they attended HRM Recreation’s day camp. Being right beside the community hall gave the group a space for indoor activities too! With renovations virtually complete in East Dover Community Hall, our society is concentrating on programming community events within the building. This year has seen two dances, as well as concert performances and music jams. Guitar lessons took place through the spring, while card nights continue year-round and the

ending library is open twice a month. More events are coming for the fall and Christmas seasons.

The Hall has played host to various events; birthday parties, anniversary and wedding celebrations, artistic programming and Federal and Provincial polling locations.

The Village Green Recreation Society is made up of community volunteers in the Big Lake-Black Duck Run-Scott’s Point-McGraths Cove and East Dover areas of the Prospect Road. Through our own email list and Facebook page, we keep in touch with area residents to share information of activities in the hall and on the park. If you would like more information, please contact info@vgrs.org

The Market Vibe - Prospect Communities Farmers Market

What do a pie baker, spice maker and soy candle pourer have in common with Yukon Gold hodge-podge, vegan soaps and stained glass? Throw in the occasional visit by torshee producers and pretzel twisters and you have the Prospect Communities Farmers Market. Operating out of the PRCC, you can find an assortment of vendors selling their wares every second Sunday afternoon (12-4) until October 22.

At the heart of the market are four farmers from three counties who provide all of the locally grown goodness this province has to offer. Traditional potatoes, carrots, beans and peas share tables with arugulas, garlic scapes and rose petals.

On average three hundred people stop by, pick up their groceries, have lunch at one of the ethnic food tables and enjoy fair-trade coffee. There is always a musician or two stopping in to busk an hour.

A small but welcoming space saw special events held for Canada's 150th. From the photo booth with red and white props, to colourful freezies and free teddies for all, the day was festive and everyone was smiling.

In its first year, the pop-up was made possible by a collaboration between the Resource Opportunities Centre with the Spryfield & District Community Market, via their voluntary market manager.

Sharing vendors means a weekly market to sell seasonally grown local food for the farmers and vendors and a steady supply of the same to the Spryfield and Prospect communities.

Not sure which week it is open? A quick call to 902-852-2711 or a peek at www.prospectcommunities.com will confirm.

You can also find us on social media! Check out our Facebook page [@prospectfarmersmarket](https://www.facebook.com/prospectfarmersmarket) and Twitter [@prospectfarmers](https://twitter.com/prospectfarmers) for all of the latest details.

Western Commons Wilderness Common Update

The Western Common Wilderness Common is a large area of undeveloped wilderness between Route 333 and Route 103, belonging to HRM, currently being developed in accordance with the Western Common Wilderness Master Plan(2010). A committee of local individuals, representing environmental expertise, local business interests, trail enthusiasts and community members meets bi-monthly to review the development and advise HRM Council about the implementation of the Master Plan. More information about the Advisory Committee can be found online www.halifax.ca/city-hall/boards-committees-commissions/s-z/western-common-advisory-committee

Development of the first point of access, behind the Prospect Road Community Centre, is underway. The initial phase is construction of a trail that surrounds Nichols Lake; that work began in 2016 with trail marking and cut-in and rough surge of the first 2000 feet. The next phase of trail construction is expected to begin this September, and will see the continuation of the trail on the eastern side through to the waterfall, a popular local stopping point for hikers. As time and resources allow in this phase, further development may also be done on the western branch of the trail. Cobequid Consulting has been awarded the contract for this piece of work.

Please note, the trail remains closed to the public during the construction. It is still quite rough and not suitable yet for

safe walking. The attached photo was included in the public tender document, and provides a visual of the plan for the trail development (subject to change).

Route 333 Refugee Sponsorship Association

Allison Lawlor Chair of Route 333 Refugee Sponsorship Association

Through the tremendous efforts of the community, a family of three from Syria finally arrived in Halifax on July 13.

After 18 months of fund-raising, planning and waiting by the Route 333 Refugee Sponsorship Association, Sara and her two daughters Carol and Oshin were greeted by a group of about 20 excited children and adults at the Halifax airport. They were tired from their long journey from Lebanon, where they had been living for more than six months, but were happy to have arrived safely.

Thanks to the efforts of many volunteers, the family of three - a widowed mother and her two daughters, who are in their early 20s, - were taken to their furnished apartment near the Halifax Rotary.

There they found their fridge and cupboards filled with donated food and other useful items for them to begin their new lives. The generosity of people they had never met before touched them. They are eager to start new lives in Canada and will soon begin English lessons. Oshin speaks some English so that has been a big help in getting used to life in Halifax.

Again, Route 333 Refugee Sponsorship Association would like to extend our sincerest thanks to everyone in the community who helped us raise \$20,000 to help support this family during their first year in Canada. Special thanks to several local businesses, the Prospect Peninsula Residents' Association, the Prospect Players, The Resource Opportunities Centre & Prospect Road Community Centre, New Life Community Church, the Anglican Diocese of Nova Scotia and PEI, Atlantic Memorial Terence Bay, Brookside Junior High, Prospect Road Elementary and Halifax West schools and to everyone else who gave whatever they could to help.

We have worked in partnership with the Archdiocese of Halifax-Yarmouth and the Halef family, the owners of Halifax Exhibition Centre, to sponsor the family through the federal government's private refugee sponsorship program.

Thank you from all of us at Route 333 Refugee Sponsorship Association. Together we are making a world of difference for this one family.

If you want to get in touch, please send us an email at: route333refugee@gmail.com or visit our website, www.route333refugee.com. You can also find us on FaceBook.

We're learning lots about the Atlantic

Bob Chaulk
Historian, SS Atlantic Heritage Park Society

Most of us know there's a school in Shad Bay called Atlantic Memorial School. Lots of things around here are called Atlantic because we live near the Atlantic Ocean, and Memorial is a common enough word because we carefully remember our dead from two world wars and many overseas conflicts—which we should. So, it seems like a good name for a school.

But that's not what the name of Atlantic Memorial School is about. It remembers Nova Scotia's second worst disaster after the Halifax Explosion. Not deaths of Canadians but of Europeans, some 550 Irish, English, Scotch, Norwegian, Swiss, German, Swedish, French and others who died at Lower Prospect, their hopes for a new life in a new land dashed.

The Atlantic came out of the darkness. Michael Clancy, from his home on Meagher's Island, saw blue distress rockets flying into the air. Tommy Coolen saw them too, from his house in Prospect Village. It was the biggest ship anybody had ever seen, on the rocks at Lower Prospect. What in the world had happened?

Slowly and methodically, we are learning more about the dreadful story of the steamship Atlantic. It turns out that the officer commanding the ship that night was a 26-year-old who had rammed and sunk another ship four years previously. Five people died. His First Mate's certificate was suspended for a year and three years after getting it back he was Second Officer of the Atlantic. He ran the ship ashore at full speed in clear weather.

How could a person with such a record be in charge of a ship with almost 1,000 souls aboard, heading at night towards a port he had never visited? It so happens that he was the first cousin of the owner of the shipping company, the White Star Line, that later gave us the Titanic. It seems that his cousin gave him a job.

We've learned that dozens of local people rescued almost 400 survivors at great personal risk and some received medals and rewards.

Penny Kealy from Australia near the monument to the Atlantic victims in Terence Bay. Family tradition states that her great-grandfather William Hoy saved a 6-year-old-boy when the ship wrecked on April 1, 1873.

We've also learned that even though the ship originated in Liverpool, England, bound to New York, she had a crewman from Kingston, Ontario aboard, whose great granddaughter is a dean at Mount St. Vincent University.

A visitor from Australia just told us that her great-grandfather saved a six-year-old boy. We've always believed that only one child survived. Maybe that's not true anymore.

The Immigration Museum at Pier 21 has decided to work with us on a feature display about the Atlantic. So, the story will soon be in three local museums.

We've also caught the attention of the Titanic Channel (yes, there's a Titanic channel). They're sending a U.S. film crew up in September to feature the White Star Line ship that foreshadowed the Titanic.

The SS Atlantic Heritage Park has a new on-line newsletter that has lots more interesting information about what's going on. Contact us at ssatlantic@ns.sympatico.ca if you would like to receive it in your email.

Did I mention that there's a new CBC film coming soon about the Atlantic? The ship, not the ocean.

Join Us for a

Fall Hike

October 1st
1-4pm

Terence Bay Wilderness Area

A three hour Nature walk through the costal barrens of the Terence Bay Wilderness Area.

Stay Tuned for further details!

PRRA Approved Grant Applications for 2017

Kelly Carlton, Chair PRRA

Organization / Group	Grant Approved
Terence Bay ballfield	Netting for left field and behind backstop – cost approx. \$30K - Grant approved for \$5,000
Prospect Peninsula Residents Association (PPRA)	Seaview Community Park – HRM already awarded a tender for playground renovation to Cobequid Consulting - Consideration was made for basic equipment only – PPRA looking to improve tennis/ basketball area an improve on landscaping, also remove what doesn't meet standards - \$10,000 approved
Prospect Bulls Basketball	Approx. 120 local children involved – do their own funding to assist with costs – need equipment and uniforms - \$4250 approved
Village Green Recreation Society	Asking for grant to put signage on Hwy 333 to advertise their events – has a quote for \$3950 for sign (plantar style) and base \$550. - \$4500 approved
Safety Minded ATV Association	Continuation of trails along 9 Mile River/Old Coach Rd/Goodwood – 270 members – 4000 in association - \$10,000 approved
Brookside Homeowners Association	Have already established and improved many parks within the community – asking for grant to continue improvements to Wendy's Meadow – a lot of work and money has gone into continuous improvements and maintenance – residents put in many hours of sweat equity - \$10,000 approved
Resource Opportunities Centre (ROC)	Offset costs of running the centre esp. free events – on going capital costs – fitness centre requires a professional to check equipment – skating rink was a success and would like to expand for next winter – have acquired technology students this summer with a grant and would like engage youth with technology (ie. 3D printers, robotics, etc.) It was discussed how for many youth technology is their recreation and technology provides an opportunity to engage with those who prefer less physical recreation options. - \$4500 approved for projects - Committee discussed the \$10K normally granted for capital costs and voted unanimously to increase grant to \$15,000 – approved \$15,000 for capital costs of running centre.
Clean NS	Funding obtained through TD for \$19K – natural play space at PRCC — create water feature, tree planting, expand play space. Additional funding will support more features with climbing, and active play options. - \$10,000 approved
Youth Applications	Hudson Highland Dancers – 17 dancers – went to Canadian Championships at the end of June - \$1000 approved - Also youth grants have supported Nova Scotia Baseball Nationals in Ontario, as well as Lacrosse Nationals in Ontario this summer.

Along with grant application approvals the PRRA also arranges and maintains the following: Lighting at the baseball field and Terence Bay River Park, portable washrooms on our fields and HRM recreation green spaces, and mowing / maintenance contracts.

Should community members require recreation support from the association please contact kelly@prospectcommunities.com or vcprra@prospectcommunities.com and join us at the PRCC for our monthly meetings. The next meeting will be held at 7 pm, Wednesday, September 20th, 2017.

Welcome to the Prospect Bulls Basketball Club

Welcome to the Prospect Bulls Basketball Club, my name is Jaidyn Pye and I play on the Division 3 Midget Team.

When I first joined the Bulls I had not a clue what I was doing. I barely knew any of the girls that were on the team. I didn't know any of the rules, term or techniques. I joined when I was in grade 5. I'm now in grade 10 and I have come such a long way! The coaches pushed me to make me a better player and all of my teammates kept me on my toes and motivated. They made me feel like I was part of the team right away.

This is a place where you can have fun, work hard and meet others that have the same goal as you. You will develop life skills such as strength, competitiveness, work ethic and working in and around a group in addition to physical skills such as hand-eye coordination, endurance and fitness. The Bulls Basketball Association pushes you to be the best you can be, while having fun.

Being part of any team will give you many great opportunities, but it's such a great feeling to be part of a team from a small community like Prospect, successfully competing against teams from Bedford,

Dartmouth and Halifax. We are hard workers on and off the court and it really shows in our games.

My favorite thing about playing for this team is the amount of teamwork and compassion the players have for the game. Everyone is there to win, have fun and play hard. Your teammates will push you to strive to be the best you can be. They will support and encourage you, give you tips if you need them and ask for help if they need it.

Overall the Prospect Bulls are an amazing and hard working team that will make you feel like you're part of something important. It's a place to meet friends and have fun, while playing a great sport.

PROSPECT VILLAGE GHOST WALK

Elizabeth Pass

Prospect Players are an informally organized group of theatre aficionados. Plays, variety shows, storytelling, puppet shows, concerts and most other types of performances have been popular in Prospect as long as The Village has existed. These have brought Prospecters, neighbouring community members and people from away to a small community and created a family of those who enjoy community theatre.

Community theatre offers the audience an opportunity to look beyond their lives, to visit unexpected places, to laugh, to cry, to ponder and to imagine. It offers the participants an opportunity to unleash their artistic spirit in creating a work of art for the enjoyment of others, as well as for themselves. At the end of each production, the cast and crew emerge with a new bank of friends, experiences, memories and desires.

This fall, Prospect Players are presenting a performance with a bit of a different flavour from past productions. The Prospect Village Ghost Walk happens on September 8 and 9, at the corner of Prospect Bay Road and Cove Road from 7:00-9:00. It is staged under the evening and night sky, and proceeds along a comfortable walking

route to various locations where you will hear history, haunting, horror and humour.

Tickets are available at the performance for \$10. Dress for a cool evening. Wear comfy shoes. Bring a flashlight. Performances are “weather permitting”. If in doubt, or if you have questions, contact us through email or our website for updates. Come join the fun!

Gardening Season a Success

Dawn Levangie

Although a late start to the warm weather this season, the gardens beds are looking great. It appears this gardening season is another success.

The community garden is located at the Prospect Road Community Centre. It has 12 raised garden beds, with a shed on site for storage of equipment. All of our beds were used this season by community members. If you feel you'd be interested in volunteering or becoming part of the community garden for next season, contact the PRCC for garden registration information.

Benefits of a community garden:

- » Produce nutritious, affordable food
- » Great way to meet neighbours, who share a common interest.
- » Encourages activity.
- » Having a sense of accomplishment.
- » Learn a new skill.

It takes a community to make this work, so thank you to our gardeners, volunteers and friends who share their ideas and hard work to make our community garden a success.

“Gardeners are good at nurturing and they have a great quality of patience, they’re tender. They have to be persistent” - Ralph Fiennes

Backed by years of experience installing and repairing both septic systems and sewer laterals, we can offer affordable and reliable solutions to clients in the greater HRM area. Come to us for your next home video inspection or service requirement.

Our Services

No matter what your issue may be; blockage or clog, collapsed pipe, sags, separated joints, deflection or complete septic malfunction, The Septic Doctor has the equipment and experience to diagnose and repair your issues in a timely and professional manner.

One Stop Shop

Your one stop service provider. We not only perform your video inspection, but come equipped with a machine to do the digging! No need to coordinate with your excavation contractor to expose septic tanks, lids or clean outs. Our corporate partner Ground Control Excavation will handle that and even backfill when complete, leaving a minimal trace and low impact damage to turf areas.

Our goal is to have events, information and happenings delivered directly to your inbox, every single month. There's no commitment and you can unsubscribe at anytime.

Hollywood Comes to Prospect Road!

ROC Staff

The ROC was fortunate to be the recipient of a Placemaking Grant through HRM. The Placemaking program supports art installations in community, allowing for a space to be redefined and recognized as a demonstrated space for community gathering.

Our project is an outdoor movie screen, framed by a painted mural, which will be mounted on the back of our gymnasium wall. The flat space behind the building is a space we have not yet used, and this provides us a new way to bring community together!

On September 16, we invite the community to come together and help us paint the mural, designed by local artist Charmaine Guthrie, based on ideas and suggestions already provided by community members. Residents of all ages are welcomed to help paint, and join us for a lunch of barbecued hot dogs to follow!

We would love community volunteers to come forward to help with this event. We'll have live music, HRM staff will be here with their Yurt, and button maker, for kids to enjoy some craft time once they've had a chance to put fingers or brushes in paint on the mural. We'll have some outdoor games, and of course our barbecue, and we always appreciate help with clean up!

The event is planned to run 10AM-1PM, rain or shine. We'll also be looking for some assistance installing the mural the following week, once the paint has cured. In particular, if you have experience mounting plywood on concrete, and have the necessary tools (eg. a hammer drill), we'd love to hear from you!

If you'd like to help us out in any way during this fun community event, please contact Shirley Jollimore at 902-852-2711 or executivedirector@prospectcommunities.com

Terence Bay River Park

ROC Staff

Terence Bay River Park has a lovely new sign, with a name that was chosen by a group of local residents in conversation with Councillor Stephen Adams last summer. Now, it needs a tag line - something that describes Terence Bay for those who aren't aware of its charm and history. We know Nova Scotia as 'Canada's Ocean Playground; what phrase would share your pride in Terence Bay?

Submit your suggestions to executivedirector@prospectcommunities.com and Councillor Adams will announce the decision later this fall!

Terence Bay residents Barry Jollimore & Vince Norris with Councillor Steve Adams, Shirley Jollimore, ROC Executive Director & Kelly Carlton, Chair of the Prospect Road Recreation Association

\$118.00/month (2 days per week)

**Limited Space Available - To register please contact
Jessica Morrissey, Programs & Events Manager
Jessica@prospectcommunities.com or 902-852-2711**

Donor Recognition Sculpture

A 1,000 lb, forged iron sculpture by local master blacksmith John Little has been placed in PRCC's "main street" area for everyone to see and enjoy. It includes 200 metal nameplates that can be inscribed in memory of a loved one or in recognition of your contribution. The gift amounts are three-tiered: \$100+, \$500+ and \$1,000. Pledge forms can be picked up at the PRCC Front Desk.

Your gifts support our activities for the community.

Advertise with Prospect Communities

In-Print: Your ad will be printed and circulated to over 3,500 homes in throughout the Prospect Communities from Goodwood to West Dover! Available 4 times per year.

Sizing and Price options starting at:

- Business Card - \$85
- 1/2 Page - \$150
- Full Page - \$245

Online, on-screen and high visibility options are also available.

For more information contact Amy Hockin – 902-852-2711
admin@prospectcommunities.com

Adult Sport or Fitness Class Drop-in Procedures

If you wish to drop in to one of our many adult sport or fitness classes offered here at PRCC, please see below:

1. Once the class has begun, the instructor/volunteer will take attendance and then announce how many spaces are available for drop-in for that particular night.
2. If you will be filling one of the spaces available, you must then pay our drop-in fee at the front desk. The front desk staff will provide you with a “proof of payment” ticket.
3. Present the “proof of payment” ticket to the instructor/volunteer and have fun!

All drop in spaces will be first come – first serve.

We ask that you please respect these rules as each class has a set maximum for the safety of all participants.

Fees:

- Older Adult Fitness Class Drop-in - \$6
- 45-minute or 1-hour Fitness Class Drop-in - \$7
- Yoga, Barre Fitness, Pound Fitness & 1.5-hour Adult Sport - \$8

Prices effective September 5, 2017

Thank you for your support, I look forward to serving the Prospect communities.

Funding for Upgrades to Playground at Local Elementary School

Timberlea-Prospect MLA Iain Rankin has announced funding to support upgrades to the playground at Prospect Road Elementary School.

The project will receive \$30,000 through the Recreation Facility Development Program and the Department of Communities, Culture and Heritage.

“The Province’s investment in the improvement of up-to-date recreation space for children is an important part of maintaining an active and healthy learning environment,” said Rankin. “These upgrades will help build upon the fun and interactive environment the playground provides for children in our area.”

The Province is investing a total of \$1.8 million for 60 new and upgraded facilities across the province that promote healthy living.

The grants help community groups, municipalities and other not-for-profit organizations develop facilities to increase public participation in sport and physical recreation.

Projects include renovations to buildings, developing and maintaining walking trails, and modernizing and creating new fields for sport and recreation.
